PROCEDURE TIME:	

PREPARATION INSTRUCTIONS FOR COLONOSCOPY (OSMOPREP)

WARNINGS

There have been rare, but serious reports of acute phosphate nephropathy in patients who received oral sodium phosphate products for colon cleansing prior to colonoscopy. Some cases have resulted in permanent impairment of renal function and some patients required long-term dialysis. While some cases have occurred in patients without identifiable risk factors, patients increased risk of acute phosphate nephropathy may include those with increased, age, hypovolemia, increased bowel transit time (such as bowel obstruction), active colitis, or baseline kidney disease, and those using medicines that affect renal perfusion or function (such as diuretics, angiotension converting enzyme [ACE] inhibitors, angiotension receptor blockers [ARBs], and possibly nonsteriodal anti-inflammatory drugs [NSAIDs]).

*	STOP COUMADIN/WARFARIN	DAYS PRIOR TO YOUR PROCEDURE
---	------------------------	------------------------------

- ❖ STOP PLAVIX DAYS PRIOR TO YOUR PROCEDURE
- ❖ TAKE ALL OF YOUR USUAL MORNING MEDICATIONS AT LEAST 4 HOURS PRIOR TO YOUR PROCEDURE UNLESS OTHERWISE DIRECTED BY YOUR PHYSICIAN

YOU MUST MAKE ARRANGEMENTS FOR SOMEONE YOU KNOW TO DRIVE YOU HOME. You may not drive for the rest of the day once the procedure is completed. The sedation, which makes the procedure comfortable, will take time to wear off.

Please purchase: OsmoPrep Tablets - Prescription has been sent to your Pharmacy

3 DAYS BEFORE YOUR PROCEDURE: Avoid popcorn.

ROCKVILLE, MD 14955 Shady Grove Rd

Suite 150 Rockville, MD 20850

301.340.3252 PHONE 301.340.1423 FAX THE ENTIRE DAY BEFORE THE PROCEDURE, YOU MAY HAVE CLEAR LIQUIDS ONLY. Clear liquids include coffee, tea, water-either carbonated or regular, Gatorade, all soft drinks, e.g. coke, Pepsi, ginger ale, 7-Up; all of the clear juices –apple, cranberry, grape; Jell-O or other similar gelatin; clear soups, i.e. bouillon or broth. Sugar and/or artificial sweeteners are allowed. You may continue these clear liquids up until 4 hours prior to your procedure.

NOT ALLOWED ON A CLEAR LIQUID DIET: Milk, cream, soy milk equivalent, artificial creamer, pulpy juices like orange, grapefruit, pineapple, tomato and V-8, all NOT allowed.

IMPORTANT NOTE: If you eat Red JELL-O it may look red coming out but it is not blood.

▶ <u>Drink a lot of fluids</u> – this will keep you hydrated. Water is not the preferred clear liquid. The others listed above are better for hydration and prep. The more fluid you drink the better. The fluid itself helps clean the colon and remember – a clean colon makes this procedure safer and allows the best visibility. Reminder – You may have clear liquids only up until 4 hours prior to your exam, then NOTHING TO EAT, DRINK, SMOKE, OR CHEW.

Beginning at <u>5pm</u> the day before your procedure:		
<u>First Regimen</u>		
Dose 1 @ 5:00pm	4 tablets [] w/8oz Clear Liquid
